

SpagoWorld Newsletter N°2 - December 2008

Dear Subscriber,

We are pleased to send you the second edition of our monthly newsletter dedicated to the SpagoWorld open source projects. We included you in this mailing list as you are somehow connected with the SpagoWorld ecosystem. Our intention is to briefly inform you on our projects, hoping that you would appreciate our initiative. So without adding other, we invite you to find out the latest news, upcoming events and what else is new in the SpagoWorld ecosystem.

We wish you all a Happy New Year and hope to see you soon!

Best Regards,
SpagoWorld Communications

Ecosystem

SpagoBI in an Engineering Publication Featuring Research from Gartner

An Engineering publication, *Focus on Open Source Business Intelligence*, was issued this month. It includes Engineering's vision on open source BI, a description of SpagoBI, the business intelligence free platform, an introduction to the OW2 Consortium business ecosystem strategy, as well as the Gartner research *Who's Who in Open-Source Business Intelligence 2008*, mentioning Engineering and SpagoBI. You can read it [here](#) or ask for a copy by sending an email to [oss-support \[at\] eng.it](mailto:oss-support@eng.it).

The previous publication, *Focus on Open Source Integration Middleware*, is still available. You can read it [here](#) or ask for a copy by sending an email to [oss-support \[at\] eng.it](mailto:oss-support@eng.it).

SpagoBI for France Domicile - BI portal realization

SpagoBI has been used by Altic, a French open source solutions integrator and SpagoBI partner, in order to develop three portals for France Domicile, one of the most important French actors in health care and services to the person.

In particular the following engines have been used: SpagoBI Geo to give a geographical representation of data and SpagoBI QbE to manipulate data. [More details.](#)
