

## SpagoWorld Newsletter N°23 - November 2010

### Dear Subscriber,

This month SpagoWorld newsletter includes many news and the outcomes of various events in which SpagoWorld team has participated. Have a look at SpagoBI Server 2.7 release, the new session of SpagoWorld webinars, Eclipse Summit Europe and fOSSa Conference follow-up, Engineering Group at OW2 Annual Conference as well as Ingres Corporation joining the GeoBI Initiative.

Best regards,  
SpagoWorld Communications

### News

#### SpagoBI Server 2.7 available now!

SpagoBI Server 2.7 has been released. Download it [here](#) now!

This new release includes many improvements, such as:

- the enhancement of the Graphical User Interface (GUI) supporting the development of KPI models. This concerns the organizational structure management, the assignment of users' rights according to the respective Organizational Unit, the assignment of targets and objectives.
- free PIVOT, generated and managed by the user on the basis of the results given by a specific QbE. This allows the free inquiry in Excel pivot style.

Further details are available in the Release Notes.  
The **Demo** will be available soon.

#### New session of SpagoWorld webinars: subscribe now!

A second session of SpagoWorld webinars is scheduled for December 2010! The webinars are delivered in English. They focus on various topics, such as SpagoBI Suite, Spago4Q, Spagic and the GeoBI Initiative. Participation is free and access is on a "first-registered-first-served" basis.

Further information and subscription are available in [SpagoWorld Webinar Center](#).

#### New Spagic support services available now

Now Spagic project offers a complete range of User Support and Maintenance support services. All details, including service levels and prices, are available on the project website.

### Events

#### Eclipse Summit Europe 2010: presentations and photos available now!

**Location:** Ludwigsburg, Germany

**Date:** 2<sup>nd</sup> - 3<sup>rd</sup> November 2010

Engineering Group participated in the Eclipse Summit Europe 2010 both in the exposition area and in the conference program, with some speeches on eBAM and eBPM projects, Eclipse OSGI and SOA TLP.

The presentations are available in the [Resources area](#) of SpagoWorld website as well as in a dedicated channel on [SlideShare](#). Some photos of the event are available in [SpagoWorld Photogallery](#).

#### fOSSa Conference follow-up

**Location:** Grenoble, France

**Date:** 8<sup>th</sup> - 10<sup>th</sup> November 2010

Also this year Engineering Group contributed to the organization of [fOSSa Conference](#), the event aiming at reaffirming the open source fundamental values, based on innovation and research in software development.

Engineering Group participated in many sessions:

- Gabriele Ruffatti chaired the conclusive panel of the education track
- Davide Dalle Carbonare gave some speeches on OSS Tools Framework for Agile Project Management, OSS for Quality Monitoring in IT Projects and Services and on Spago4Q for Quality of OSS Forges
- Andrea Gioia presented the GeoBI initiative, the international Open Source initiative on Location Intelligence.

The presentations are available in the [Resources area](#) of SpagoWorld website as well as in a dedicated channel on [SlideShare](#). Some photos of the event are available in [SpagoWorld Photogallery](#).

The complete follow-up of the conference is available on the [event website](#).

#### OW2 Annual Conference

**Location:** La Cantine, Paris, France

**Date:** 24<sup>th</sup> - 25<sup>th</sup> November 2010

Engineering Group participated in OW2 Annual Conference in Paris. The event offered the opportunity to professionals to illustrate and share their experiences on middleware, open source software and open source cloud.

Stefano Scamuzzo, SpagoBI International Manager, gave a speech entitled "Revitalizing OW2 BI Initiative: new participants and new activities" within the OW2 Business Intelligence Initiative session.

All details about the conference follow-up will be available soon on the [event website](#).

#### Internet Forum Governance Italia 2010

**Location:** Rome, Italy

**Date:** 29<sup>th</sup> - 30<sup>th</sup> November 2010

Engineering Group participates in [Internet Forum Governance Italia 2010](#). The slogan of this edition is "Internet concerns everybody: Make your voice heard!". Gabriele Ruffatti, Engineering Group's Architectures and Consulting Director, will attend the opening day, taking place on 29<sup>th</sup> November 2010. This demonstrates Engineering Group's commitment in supporting an initiative fostering the growth of a free infrastructure supporting a real and widespread digital culture.

The conference program is available [here](#).

#### GeoBI Initiative at S2LQ 2010

**Location:** Québec (Canada)

**Date:** 6<sup>th</sup> - 7<sup>th</sup> December 2010

Spatialytics, member of the GeoBI initiative, participates in the first edition of [S2LQ](#) (Salon du Logiciel Libre du Québec), both in the exhibition area and in the conference program, with a speech on Business Intelligence and GeoBI. To register to the event click [here](#).

### Ecosystem

#### Ingres Corporation joins GeoBI Initiative

At the opening of [fOSSa 2010](#), the Free Open Source Software for Academia Conference, Ingres Corporation joined [GeoBI initiative](#). Ingres recently announced availability of a community version of Ingres 10.1.0 using the GPL license - version 2. This software includes standards-compliant geospatial support built into Ingres core. This offers support for a number of geospatial data types and functions for geospatial analysis making Ingres compliant with the Open Geospatial Consortium Simple Feature Specification for SQL.
