

## SpagoWorld Newsletter N°30 - July 2011

### Dear Subscriber,

Before a short summer vacation in August, SpagoWorld goes out with a bang! Big events concerning the initiative and its free/open source solutions. Firstly, SpagoBI is releasing the 3.1 version. Moreover, SpagoBI and Spagic project teams are delivering a new session of free webinars at the end of July. Last but not least, SpagoWorld initiative and its free/open source solutions are launching their new websites!

See you in September with our next newsletter. In the meantime, stay tuned (SpagoWorld never closes!) and best wishes to those of you who are going to have a summer break!

Best regards,  
SpagoWorld Communications

### News

#### SpagoBI 3.1 available this week!

After the successful 3.0 release, SpagoBI team is announcing the release of the new 3.1 version, which will be available this week. It includes many interesting new features. Stay tuned and visit the [project website](#)!
