

## SpagoWorld Newsletter N°6 - April 2009

### Dear Subscriber,

We would like to share with you the latest news, upcoming events and what else is new in the SpagoWorld ecosystem. Several news concern the new SpagoBI 2.0 version and new planned events, such as the SpagoBI 2.0 Training Course in Latin America, the Red Hat Open Source Day in Rome and the LinuxTag 2009 in Berlin.

Best regards,

SpagoWorld Communications

### News

#### ✘ SpagoBI 2.0 Training Course in Sao Paulo, Brazil

Engineering has organized a course on the new SpagoBI 2.0 version, which takes place in Sao Paulo, Brazil, from 25th to 29th May 2009.

The 5-day intensive course provides the information included in the SpagoBI Fundamentals and SpagoBI Basic Engines standard courses.

More details about the standard training courses [here](#).

For detailed information about the course contact: [spagobi.international \[at\] eng \[dot\] it](mailto:spagobi.international[at]eng[dot]it)

#### ✘ New support for SpagoBI commercial services

Engineering has reorganized its commercial support for SpagoBI. In order to be nearer to the SpagoBI users' needs, the following new contacts in local language are now available:

- Spain: [spagobi.spain@eng.it](mailto:spagobi.spain@eng.it)
- France: [spagobi.france@eng.it](mailto:spagobi.france@eng.it)
- Italy: [spagobi.italy@eng.it](mailto:spagobi.italy@eng.it)

For the other countries, the address (in English language) is: [spagobi.international@eng.it](mailto:spagobi.international@eng.it)

For the other projects (Spagic, Spago4Q, Spago) the contact remains: [oss-support@eng.it](mailto:oss-support@eng.it)

#### ✘ A new format for the SpagoBI 2.0 documentation

Now the SpagoBI 2.0 documentation is available in a new format. It is not available in the forge project download area any more. You can find it now, as a wiki, entering the Project menu from the SpagoBI website [www.spagobi.org](http://www.spagobi.org).

#### ✘ SpagoBI 2.1 Demo Now Available

The new demo of SpagoBI 2.1 is now online! You can download it [here](#).

#### ✘ New Spagic Success Story

Nuova Trend adopts Spagic for the ISVAP Insurance Cost Estimation System.

[Read the success story.](#)

### Events

#### ✘ Red Hat Open Source Day

**Location:** Rome (Italy)

**Date:** June 9, 2009

Engineering participates in the *Red Hat Symposium - Open Source Day*, whose topic is *Getting over the crisis with Open Source*. [More details.](#)

#### ✘ LinuxTag 2009

**Location:** Berlin (Germany)

**Date:** June 24-27, 2009

Engineering participates in the LinuxTag 2009 in Berlin. SpagoBI 2.0, the free Business Intelligence Platform, is illustrated within the OW2 Track. [More details.](#)

#### ✘ OW2 Programming Contest 2009

**Location:** China

**Date:** May to September 2009

Engineering takes part in the [OW2 Programming Contest 2009](#), organized by OW2 and Scilab. The competition is organized for Chinese students and technicians, giving them the opportunity to improve their ability to study and manage OW2 middleware and to express a special talent in computer programming. Engineering provides two SpagoBI topics in the [Programming Contest Topic list](#).

### Ecosystem

#### ✘ First SpagoBI Integrator Partner in North America

SpagoBI has a new Integrator Partner: Savoir-faire Linux, a Canadian company headquartered in Montreal, with offices in Quebec City and Ottawa.

[More details.](#)

#### ✘ OW2 Webinars

Engineering participates in the webinars organized by the OW2 Consortium, with a couple of appointments held by Stefano Scamuzzo:

- May 19th, 2009: SpagoBI 2.0 webinar;
- June 11th, 2009: OS Business Intelligence webinar.

For the complete programme and for registration click [here](#).

#### ✘ They say about us

Have a look at the [They say area](#) of SpagoWorld website! A particular attention to SpagoBI 2.0 in Spain and an interesting quotation on Open Source BI by Seth Grimes, analytics strategist on data management and analysis systems.

#### ✘ OW2 BI Initiative Deliverables

The OW2 BI Initiative is a joint effort of some members of the OW2 Community. Their aim is to improve the coordination effort in the OS BI context, to increase the use of OS BI solutions at enterprise level, to strengthen connections between integrators, vendors, users and the research communities and to attract more attention from the research activities to foster innovative BI solutions and practices.

[Here](#) you can find more information about the Initiative, led by Engineering.

First initiative deliverables are available [here](#).

#### ✘ SpagoBI and Spago4Q Downloads

At the end of March SpagoBI and Spago4Q have confirmed their considerable growth, due to the new versions release.

France, China, Italy and the USA continue to be the countries which most used SpagoWorld solutions in March, followed by Brazil and India.

The country distribution of the overall downloads as at March 2009 is available [here](#).
