

SpagoBI Webinar

Title: GeoBI Initiative: the Open Source Location Intelligence ecosystem

Speaker: Andrea Gioia, SpagoBI Architect and founder of GeoBI Initiative

Date: December 15th, 2010

Time: 4:30 p.m. (CEST)

Abstract:

The webinar introduces the GeoBI Initiative, a joint effort of companies, organizations, projects' communities and individuals set up to make Open Source Location Intelligence adoption pervasive. It will focus on the challenges we are facing in order to create a vibrant ecosystem around this topic and to deliver a fully open source Location Intelligence software stack. The roadmap of the Initiative will be presented at the end. A short demo will follow the presentation.
